(Front) Parking Brake Off  
NWS Enable  
Git...

**DISCLAIMER:** This is just a first hack based on a product that has been passed around. It is certainly not 'realistic' and possibly incomplete.

Unresolved Issues...

\*\*\*How to roll Altim?  
\*\*\*Cat 1/3 after power? (warning light)  
\*\*\*CNI after power? (warning light)  
\*\*\*PFL warning light after TO???

\*\*\*Flaps/LEF for TO/Lnd?  
Similar to F-18 ops(?)  
Cockpit Mech(?)
